CANADIAN JOURNAL OF AGRICULTURAL SCIENCE

(formerly "Scientific Agriculture")

VOLUME 33

AGRICULTURE
EXPERIMENT STATION
LIBRARY

JAN 13 1954

PURDUE UNIVERSITY

January 1953 - December 1953

EDITED BY THE
AGRICULTURAL INSTITUTE OF CANADA
OTTAWA, CANADA

Published bi-monthly by the authority of the
Chairman of the National Committee on Agricultural Services

SUBJECT INDEX TO VOLUME 33

	PAGE
<i>Agropyron intermedium</i> , Methods of breeding.....	470
<i>Agrotis orthogonia</i> Morr. (Lepidoptera: Phalaenidae), Larval nutrition in.....	23
Alfalfa caused by <i>Ascochyta imperfecta</i> Peck, Studies on black stem of:	
1. Seed and seedling phases of the disease.....	500
Alfalfa flowers tripped by bees and mechanical means, Seed setting of.....	74
Aphids, The spread of potato virus Y in seed potatoes in relation to the date of harvesting and the prevalence of.....	509
Approach method of barley hybridization, The.....	98
Artificial defoliation of field beans.....	125
Artificial insemination of dairy cattle in Ontario, The relationship between 30-, 60-, 90-, and 120-day non-returns to service in the.....	261
Artificial insemination under Ontario conditions, The effect of month and season upon breeding efficiency obtained with.....	396
Barley and oats, The effect of 2,4-D on the developmental processes in.....	315
Barley hybridization, The approach method of.....	98
Beans, Artificial defoliation of field.....	125
Bees and mechanical means, Seed setting of alfalfa flowers tripped by.....	74
Biotic factors of control of, the European fir budworm, <i>Choristoneura murinana</i> (Hbn.) (N. Comb.), in Europe.....	448
Black flies (Diptera: Simuliidae), Developments in the chemical control of.....	572
British Columbia, Crown rot of fruit trees in:	
II. Rootstock and scion resistance trials of apple, pear, and stone fruits..	615
British Columbia, Further observations and investigations on manganese deficiency in fruit trees in.....	153
Buffaloes, Studies on the Egyptian:	
I. Selection for milk yield.....	606
Bunt situation in winter wheat in Ontario.....	597
Burley tobacco resulting from ammonium and nitrate nutrition, Nitrogen con- stituents of.....	16
Canning crop rotations on certain soil constituents over a five-year period, The effect of various.....	210
Carotene and crude protein content of orchardgrass (<i>Dactylis glomerata</i> L.), A study of the:	
I. Variation due to stage of growth, cutting management and clones....	184
II. Heritable variation.....	246
Cattle in Ontario, The relationship between 30-, 60-, 90- and 120-day non-returns to service in the artificial insemination of dairy.....	261
Cattle in the Swan River Valley of Manitoba, Molybdenum poisoning of.....	254
Cereal crops by maleic hydrazide, Selective control of wild oats in.....	402
Cereals in Alberta, Influence of soil zone on the chemical composition of.....	359
Chemical control of black flies (Diptera: Simuliidae), Developments in the.....	572
Climate of northern Ontario, The.....	41
Clover plants resistant to <i>Sclerotinia trifoliorum</i> , The isolation of Ladino.....	84
Clover, Studies on the effect of light on the growth and development of red.....	274
Clover seed production, Studies in red. II.....	437
Cobalt in forage crops, The determination of.....	1
Consumptive use of water in orchard soils:	
I. Effects of soil depth.....	101
II. Effects of evaporating power of air and of length of irrigation interval.	231

	PAGE
Corn borer control on yields of field corn, Preliminary report on the effect of spray for.....	288
Corn yields under nine three-year rotations, Soil porosity and.....	494
Crown rot of fruit trees in British Columbia:	
II. Rootstock and scion resistance trials of apple, pear, and stone fruits..	615
“Curing” of range grasses, The relation of lignin, cellulose, protein, starch and ether extract to the.....	364
2,4-D on the nitrate content of forage crops and weeds, Effect of.....	354
2,4-D on the developmental processes in barley and oats, The effect of.....	315
DDT in the control of <i>Simulium arcticum</i> Mall. in the North and South Saskatchewan Rivers, Further experiments with.....	379
Dairy cattle in Ontario, The relationship between 30-, 60-, 90- and 120-day non-returns to service in the artificial insemination of.....	261
Defoliation of field beans, Artificial.....	125
Determination of cobalt in forage crops, The.....	1
Digestibility studies with swine:	
VII. Gross energy values and ether extract determinations.....	611
Diffusion chamber as a measure of the rate of oxygen supplied by a soil, The use of a	430
Dye reduction tests for quality, The effect of residual penicillin in milk on the....	91
Egyptian buffaloes, Studies on the.....	606
European fir budworm, <i>Choristoneura murinana</i> (Hbn.) (N. Comb.), in Europe, Biotic factors of control of the.....	448
European spruce sawfly (<i>Diprion hercyniae</i> (Htg.) (Hymenoptera: Diprionidae) in the Maritime Provinces, The establishment of introduced parasites of the.....	405
“Feed-Ani”, Note on experiments on the nutritional value of.....	403
Fertility studies on soil types:	
II. The physical and chemical composition of soils from Carleton and Grenville counties in Ontario.....	116
III. Phosphorus supply and requirement as shown by greenhouse studies and laboratory tests.....	330
Fertilizer phosphorus uptake on a calcareous soil by oat plants, using radioactive tracer technique, A study of soil and.....	225
Fir budworm, <i>Choristoneura murinana</i> (Hbn.) (N. Comb.), in Europe, Biotic factors of control of the European.....	448
Forage crops and weeds, Effect of 2,4-D on the nitrate content of.....	354
Forage crops, The determination of cobalt in.....	1
Forage crops to saline soils, The response of various.....	542
Four-row plot seeder, A.....	394
Fruit trees in British Columbia, Crown rot of:	
II. Rootstock and scion resistance trials of apple, pear, and stone fruits..	615
Fruit trees in British Columbia, Further observations and investigations on manganese deficiency in.....	153
Fumigation of used bags with toxic gases for the control of bacterial ring rot of potato.....	132
Fungicides on the establishment of forage seedlings, A preliminary study on the effect of some.....	30
Fusarium storage rot of potatoes in Prince Edward Island.....	566
Gramineae, A new technique for pollen grain study in the.....	399

	PAGE
Herd milks inhibiting acid production, Substances in.....	586
Insemination under Ontario conditions, The effect of month and season upon breeding efficiency obtained with artificial.....	396
Insemination of dairy cattle in Ontario, The relationship between 30-, 60-, 90- and 120-day non-returns to service in the artificial.....	261
Labelled phosphate from neutron-irradiated calcium phosphates, The uptake by plants of:	
III. Penetration into soil and uptake by pasture herbage.....	559
Larval nutrition in <i>Agrotis orthogonia</i> Morr. (Lepidoptera: Phalaenidae). A new rearing method.....	23
Maleic hydrazide, Selective control of wild oats in cereal crops by.....	402
Manganese deficiency in fruit trees in British Columbia, Further observations and investigations on.....	153
Manure applied as a top-dressing to a permanent pasture, Some observations on the effects of weather on the utilization of superphosphate and.....	531
Mechanical analysis of soils, Comparison of methods of.....	159
Microscopic study of platy and concretionary structures in certain Saskatchewan soils, A.....	178
Milk on the dye reduction tests for quality, The effect of residual penicillin in.....	91
Milks inhibiting acid production, Substances in herd.....	586
Milk yield, Selection for (Egyptian buffaloes).....	606
Mineral metabolism of pullets, Observations on the:	
IX. The effects of estrogen and androgen administered separately on the retention of calcium by the sexually immature pullet.....	172
X. The effects of gonadal hormones on retention and turnover of calcium by the skeleton.....	216
Molybdenum poisoning of cattle in the Swan River Valley of Manitoba.....	254
Neutron-irradiated calcium phosphates, The uptake by plants of labelled phosphate from:	
III. Penetration into soil and uptake by pasture herbage.....	559
Nitrate content of forage crops and weeds, Effect of 2,4-D on the.....	354
Nitrogen constituents of burley tobacco resulting from ammonium and nitrate nutrition.....	16
Nutritional value of "Feed-Ani", Note on experiments on the.....	403
Ontario, The climate of northern.....	41
Orchardgrass (<i>Dactylis glomerata</i> L.), A study of the carotene and crude protein content of:	
I. Variation due to stage of growth, cutting management and clones....	184
II. Heritable variation.....	246
Orchard soils, Consumptive use of water in:	
I. Effects of soil depth.....	101
II. Effects of evaporating power of air and of length of irrigation interval.	231
Organic matter with sodium hypobromite for particle-size analysis of soils, Removal of.....	579
Osprey series, Evidence for polygenesis in soils of the.....	520
Oxygen supplied by a soil, The use of a diffusion chamber as a measure of the rate of	430

	PAGE
Parasites of the European spruce sawfly (<i>Diprion hercyniae</i> (Htg.) (Hymenoptera: Diprionidae) in the Maritime Provinces, The establishment of introduced.....	405
Particle-size analysis of soils, Removal of organic matter with sodium hypobromite for.....	579
Pasture, Some observations on the effects of weather on the utilization of super-phosphate and manure applied as a top-dressing to a permanent.....	531
Penicillin in milk on the dye reduction tests for quality, The effect of residual.....	91
Phosphate from neutron-irradiated calcium phosphates, The uptake by plants of labelled:	
III. Penetration into soil and uptake by pasture herbage.....	559
Phosphorus supply and requirement as shown by greenhouse studies and laboratory tests. (Fertility studies on soil types. III).....	330
Phosphorus in high-lime Ontario soils, Adsorbed.....	141
Phosphorus uptake on a calcareous soil by oat plants, using radioactive tracer technique, A study of soil and fertilizer.....	225
Plants, An elaboration of the toothpick method of inoculating.....	506
Plot seeder, A four-row.....	394
Poisoning of cattle in the Swan River Valley of Manitoba, Molybdenum.....	254
Pollen grain study in the Gramineae, A new technique for.....	399
Polygenesis in soils of the Osprey series, Evidence for.....	520
Potatoes by seed treatment, The control of verticillium wilt of.....	147
Potatoes in Prince Edward Island, Fusarium storage rot of.....	566
Potato, Fumigation of used bags with toxic gases for the control of bacterial ring rot of.....	132
Potato virus Y in seed potatoes in relation to the date of harvesting and the prevalence of aphids, The spread of.....	509
Pseudourea, Note on a physiologically active.....	622
Pullets, Observations on the mineral metabolism of:	
IX. The effects of estrogen and androgen administered separately on the retention of calcium by the sexually immature pullet.....	172
X. The effects of gonadal hormones on retention and turnover of calcium by the skeleton.....	216
Radioactive tracer technique, A study of soil and fertilizer phosphorus uptake on a calcareous soil by oat plants, using.....	225
Range grasses, The relation of lignin, cellulose, protein, starch and ether extract to the "curing" of.....	364
Rapeseed oilmeal, Growth depressing factors in.....	201
Rootstock and scion resistance trials of apple, pear, and stone fruits. (Crown rot of fruit trees in British Columbia. II).....	615
Sawdusts, Seed germination and seedling growth as influenced by different kinds of	593
Seeder, A four-row plot.....	394
Seed setting of alfalfa flowers tripped by bees and mechanical means.....	74
Sheep ked, <i>Melophagus ovinus</i> (L.) (Diptera: Hippoboscidae), on feeder lambs, Note on evaluating populations of the.....	620
Sheep under different environmental conditions, A comparison of certain breeds of range.....	344
<i>Simulium arcticum</i> Mall. in the North and South Saskatchewan Rivers, Further experiments with DDT in the control of.....	379
Soil conditioners, Note on factors affecting the laboratory evaluation of.....	623
Soil constituents over a five-year period, The effect of various cropping rotations on certain.....	210

	PAGE
Soil and fertilizer phosphorus uptake on a calcareous soil by oat plants, using radioactive tracer technique, A study of.....	225
Soil porosity and corn yields under nine three-year rotations.....	494
Soil, The use of a diffusion chamber as a measure of the rate of oxygen supplied by a	430
Soil types, Fertility studies on:	
II. The physical and chemical composition of soils from Carleton and Grenville counties in Ontario.....	116
III. Phosphorus supply and requirement as shown by greenhouse studies and laboratory tests.....	330
Soil zone on the chemical composition of cereals in Alberta, Influence of.....	359
Soils, Adsorbed phosphorus in high-lime Ontario.....	141
Soils, A microscopic study of platy and concretionary structures in certain Saskat- chewan.....	178
Soils, Comparison of methods of mechanical analysis of.....	159
Soils, Consumptive use of water in orchard:	
I. Effects of soil depth.....	101
II. Effects of evaporating power of air and of length of irrigation interval.	231
Soils related to drought resistance, Water retention and availability in.....	265
Soils, Removal of organic matter with sodium hypobromite for particle-size analysis of.....	579
Soils of the Osprey series, Evidence for polygenesis in.....	520
Soils, The response of various forage crops to saline.....	542
Soybean seed, The influence of time of planting on the yield and composition of..	550
Spruce sawfly (<i>Diprion hercyniae</i> (Htg.) (Hymenoptera: Diprionidae) in the Maritime Provinces, The establishment of introduced parasites of the European	405
Sunflower inbred lines and their top crosses, A study of the inter-relationships of seed yield, oil content, and other agronomic characters with.....	291
Superphosphate and manure applied as a top-dressing to a permanent pasture, Some observations on the effects of weather on the utilization of.....	531
Swine, Digestibility studies with:	
VII. Gross energy values and ether extract determinations.....	611
Toothpick method of inoculating plants, An elaboration of the.....	506
Top-dressing to a permanent pasture, Some observations on the effects of weather on the utilization of superphosphate and manure applied as a.....	531
Toxic gases for the control of bacterial ring rot of potato, Fumigation of used bags with.....	132
Uptake by plants of labelled phosphate from neutron-irradiated calcium phosphates, The:	
III. Penetration into soil and uptake by pasture herbage.....	559
Verticillium wilt of potatoes by seed treatment, The control of.....	147
Water retention and availability in soils related to drought resistance.....	265
Water in orchard soils, Consumptive use of:	
I. Effects of soil depth.....	101
II. Effects of evaporating power of air and of length of irrigation interval.	231
Weather on the utilization of superphosphate and manure applied as a top-dressing to a permanent pasture, Some observations on the effects of.....	531
Wheat seed, Growth cracks in.....	198
Wheat streak mosaic in Alberta and factors related to its spread.....	195
Wheat in Ontario, Bunt situation in winter.....	597
Wild oats in cereal crops by maleic hydrazide, Selective control of.....	402
